PPA **WHAT IS PPA?** Many of you have asked about the PPA line on your electric bill. PPA stands for Purchase Power Adjustment. We are allotted a certain amount of hydropower from New York Power Authority. Any amount over that allotment we have to buy on the open market as well as wheeling and other costs. These are prorated through the PPA charge on your bill. This charge is likely to significantly increase during the colder months as much more electricity is being used throughout the Village.
